Date :November 5, 2015

Attn of :Michael Greenwald

Subject :Extension Request

Dear Mr. Greenwald,

Concerning the "Request for Information" from your office dated October 9, 2015 to the National Archives and Records Administration regarding compliance of our Wastewater Treatment Plant NPDES Permit # MD0065871.

The letter was addressed to Mr. Lawrence Holley, the Facility Manager. He retired on March 31, 2015 and his position has not been filled at this time. The mail was ultimately forwarded to me on or about October 15, 2015.

I am requesting an extension of at least 30 days, 6 weeks if possible, due to the amount of information requested, the time needed to compile said information, the 2 Holidays in October and the fact that I did not receive the letter until mid October.

Thank you in advance for your anticipated consideration of this request. I am,

Sincerely,

Donald Overfelt
Chief, Facilities and Property Management Branch
